WEL MERLIN FLEXIBLE MONO

WAAREE[®]

One with the Sun

Waaree Energies introduces the first energy efficient module in India which is designed to protect against vibration induced damages & increase the power performance through strengthened solar cell by sandwiching the fragile Silicon cell by two copper grids and by collecting current in a distributed fashion which eliminates the electrical impact of cell crack which in turn improves the power performance & long life reliability. WM FX panels are glass free and made with high quality ETFE Polymer and Waaree merlin mono crystalline solar cells. Due to very light weight, it's much easier to fix on roof without any heavy load.
